AARP Driver Safety Program

Tune up your skills and get an insurance discount by taking this course (\$20 for AARP members and \$25 for non-members). Class size is limited and a check payable to AARP is due at registration. Participants must attend both days, from **1-4 p.m.** To register, call Michele at Ferris Hills, at (585) 393-0410.

Monday, Nov. 18

A Performance by Mitzie Collins and Boel Gidholm

Join us in Rayburn Hall at **3 p.m.** for music by Eastman School of Music faculty members Mitzie Collins on the hammered dulcimer and Boel Gidholm on the baroque violin. Collins is a recording artist who specializes in Celtic and traditional American folk music, while Gidholm co-directs Publick Musick, presenting period-instrument concerts in the greater Rochester area. Both have performed all over the world.

Riding in Style, Thanks to Grateful Residents

When Anne Endler and her late husband first moved to Ferris Hills at West Lake 14 years ago, they loved to walk the scenic trails on the 57-acre grounds every chance they got.

These days, she still enjoys taking in the beautiful views, but problems with her legs make it harder to get around. So when she heard Ferris Hills was looking into the possibility of purchasing a multi-passenger golf cart shuttle, she wanted to help fund it.

“I just felt it was time to do something for Ferris Hills,” she said. “They’ve always done so much for me.”

The shuttle arrived in September, and Endler joined other residents in hopping on for a tour of the grounds.

“It’s quiet and it’s a beautiful ride,” she said. “On a beautiful day, it will be absolutely wonderful.”

Already, the shuttle is getting plenty of use. For example, it came in handy for the recent Pumpkin Walk, when jack-o-lanterns lined the trail in the courtyard shared by Ferris Hills and the adjacent, enriched living community of Clark Meadows.

Knowing there are other residents who may not always have the strength or energy to fully enjoy the campus – especially at Clark Meadows – Endler said she thinks the shuttle is a nice addition.

Ferris Hills Executive Director Aimee Ward agreed.

“There are so many things to do at Ferris Hills and Clark Meadows, and the generous funding from Anne and other residents will help us make sure all of the options are available to everyone,” she said. “It’s yet another enhancement to what we’re able to offer here, and we’re thrilled to have it.”

To schedule a tour of both Ferris Hills and Clark Meadows, call (585) 393-0410.
